## Secretary Report March 2019

Dear Respected Elders, Brothers and Well-Wishers  
Assalamo-Alaykum (w w w).

By the grace of Allah, it has been a privilege to serve this association for the past 17 years and on the behalf of the Committee, I would like to thank our elders, the community, and well-wishers for their continued support and encouragement for keeping this charity work going in order to help and support need-full and deserving pupils of our community at back home in Gujarat, INDIA.

I like to stress the fact that Education is the one and only factor, which will surely be able to improve the face of our community in all aspects locally, nationally and internationally. In this competitive world, in this day and age **education is only aspect which is and wills be the most adopted, accepted and respected factor across the world in every aspects. Community or country without proper education will surely be isolated from rest of the community and rest of the world.**

We should ask our self a question that who will take action to improve education among our community? Think of possible answers here. Are we expecting that Allah will send someone with magic wand? Are we expecting that other community(s) will take some action(s) to educate our community? Answer is simply No.

My question is if we are not waking-up now then what will it take to do so? I want you to realise and remember that rest of the worldis communities are progressing with time in the field of education, and if we are not progressing it means we are going backward. Please remember the fact "if we are not with time, time will not be with us". I only want to request you that please give some importance to Education. As a responsible member of our community we need to ask our self a question that „are we doing enough to support and build our next generation? We need to answer this question by our action.

I would like to make every-one aware that we operate 100% donation policy so we donate all the fund collected during the year. All of our managing members, regional representatives and members are working absolutely free. I am very pleased to mention the fact that we are increasing fund each year. We for example in 2007, we sent £15000 to India and in April 2019 we sent £50500. We progress from 15 thousand to 50 thousand during last 12 Years and continue progressing with your positive support. Education related costs are raising each year in INDIA. We are only able to raise around 45% of the current demand each year so my request is to try to increase funding as much as possible.

Our Association is a Registered Charity in UK. We are submitting audited account to Charity commission UK every year. Anyone can go on the Charity Commission Website and look at our accounts at any time.

I would like to thank, all Masjids, Organisations and well-wishers for their continued support and contribution in helping our association continue to be successful to sustain and progress in order to help the poor and much needy students in Gujarat. May Allah reward us all for our efforts. (Aameen).

Yours Sincerely
